2018-2019 Verification of Taxable Grant/Scholarship Aid

STUDENT INFORMATION

STUDENT NAME: _____ STUDENT ID: _____

On your 2018-2019 FAFSA, you or your parent indicated that you had, "Taxable college grant and scholarship aid reported to the IRS in your adjusted gross income." There should only be an amount reported if you received grant or scholarship aid in excess of the costs of tuition, fees, and other course related expenses. Students generally do not need to report any aid as taxable income on their federal tax return.

Please check the appropriate box below:

- There was no grant or scholarship aid reported on the 2016 federal tax return and the information was reported on the FAFSA in error. (The Financial Aid and Scholarships Office will correct this information to \$0 on the FAFSA.)
- There was grant or scholarship aid reported on the 2016 federal tax return for the student or parent. **I/We have provided a 2016 tax return transcript from the IRS and W-2s to verify this information.**
