There are three loans UMKC offers to health professional students: Health Professions Student Loan (HPSL), Loans for Disadvantaged Students (LDS), and Primary Care Loan (PCL). **Title VII regulations require the verification of student and parent information, even if the student is considered independent for other financial aid programs.** Although these loans are administered under the Department of Education, they are considered institutional loans and have different terms than Federal Direct Student Loans.

TERMS FOR ALL HEALTH PROFESSIONAL LOAN PROGRAMS

All three types of Health Professional Loans are awarded to students that are enrolled **full-time in an eligible health professions academic program**. Students must be a U.S. citizen or lawful permanent resident, must maintain good academic standing and must demonstrate financial need in accordance with the FAFSA. These loans have a 5% fixed interest rate, with no interest accruing during school. Repayment begins 12 months following termination of at least half-time enrollment. Students must complete a promissory note each year prior to funds disbursing. Award amount varies per year based on funding. Students will be notified in **July 2024** if they've been awarded a Health Professions Loan. Deferment is available upon request during residency.

***Loans for Disadvantaged Students (LDS):** In addition to the terms above, students requesting LDS funding must demonstrate high financial need and identify as coming from a disadvantaged background.

***Primary Care Loan (PCL):** In addition to the terms mentioned above, students requesting PCL funding must be intending to practice in primary health care. *Refer to the Primary Care Info Sheet for more information.*

PRIMARY CARE LOAN ADDITIONAL INFO (FOR MEDICINE STUDENTS ONLY)

The Primary Care Loan is an extension of the Health Professions Loan Program. Funds are awarded to medical students intending to practice in Primary Care. This loan has all of the same terms and requirements as the Health Professions Student Loan (see Health Professional Loan Info Sheet). In addition, Primary Care Loan recipients must also complete the service obligation as stated below.

TERMS FOR PRIMARY CARE LOAN (PCL)

A borrower, who accepts Primary Care Loan funds, agrees to:

- enter and complete a residency training program in primary health care
- practice in primary health care for 10 years (including the years spent in residency training) or through the date on which the loan(s) is repaid in full, whichever occurs first; and
- certify to the school on an annual basis that you are practicing primary health care.

**The interest rate for a Primary Care Loan is 5%. However, PCL borrowers who fail to comply with the service requirements of the program will have their interest rate retroactively increased to 7%. The balance due on the loan(s) involved will be immediately recomputed from the date of issuance at the higher interest rate, compounded annually.*
